

Beauty COOL

Thermal Activation × on Infusion × All-in-One Skin Repair

Harmonizing advanced wide-range temperature control with precision technology. Our soothing thermal flow melts away long-held tension, while the refreshing cooling mode instantly calms environmental heat and irritation. Enhanced by ionic conduction technology, every drop of essence seamlessly bonds with the stratum corneum. From scalp to toe, experience a rejuvenated, dewy glow and exquisite skin texture.

Advanced Infusion: Elevating the Senses of Skincare.

- ◆ **Soothing Chill** : Cryo-mode swiftly comforts skin stressed by the elements, promoting a calm and steady feel.
- ◆ **Deep Serenity** : Gentle warmth melts away tightness, reviving your natural radiance and a refreshed appearance.
- ◆ **Enhanced Infusion** : Smart Ionic Sensing optimizes nutrient absorption, making every drop of your routine more effective.
- ◆ **Full-Body Radiance** : Elevates your skin's texture from head to toe, leaving it smooth, firm, and luminous.

Crafting an Unrivaled Skincare Feast.

- ◆ **Precision Sensory Management** : Equipped with wide-range thermal control. Effortlessly switch between soothing warmth and crisp cooling to match your current skin condition for personalized protection.
- ◆ **All-In-One Detail Care** : Designed for more than just the face; this technology covers the scalp and the entire body. Precision delivery boosts skincare efficiency across all areas, achieving comprehensive skin perfection.
- ◆ **Ionic Activation Tech** : Powered by ionic sensing, this feature helps active ingredients adhere closely to the skin barrier. It enables even distribution of nutrients, resulting in a significantly softer and more supple texture.
- ◆ **Enhanced Permeation** : Revolutionary conduction efficiency that bridges the gap between the surface and deeper layers. It optimizes the absorption route to unlock the full potential of your skincare products.
- ◆ **Thermal Range** : Precision -10°C to 45°C switching for versatile treatment modes.

Intelligent Thermal Cycling: Empowering the Skin's Natural Protective Barrier.

- ◆ **Precision Thermal Management** : Featuring wide-spectrum temperature control to toggle between thermal and cooling modes. Thermal Therapy targets muscle tension to awaken skin vitality; Cooling Therapy stabilizes the complexion by alleviating heat discomfort and maintaining a balanced skin feel.
- ◆ **Advanced Ionic Delivery** : Utilizes the principle of ionic induction to optimize the adhesion of essences to the stratum corneum. This bypasses the inefficiencies of traditional application, maximizing the utilization of active ingredients for superior hydration and fullness.
- ◆ **Non-Invasive Skin Recovery** : A professional, non-invasive approach that prioritizes safety and comfort. It strengthens the skin's natural defense system without the need for a recovery period. Experience an instant refinement in skin quality, achieving a flawless, lit-from-within radiance.
