

Golden Finger Thermal Wellness Device

Thermal Vitality × Tension Release × Ergonomic Grip

Release daily tension through gentle thermal conduction, and let your body and mind rediscover a sense of light, balanced ease within the warmth of your fingertips.

Release the stiffness, and lighten the load of daily life.

- ◆ **The "Stiffness" of Tech Use:** Focused on screens for too long, your neck and shoulders have forgotten how to relax.
- ◆ **The "Cold" Stagnation from Sitting:** Lack of movement leads to cold limbs, significantly reducing your flexibility.
- ◆ **The "Tension" of High Pressure:** A frantic pace keeps your body on standby, making it hard to take a deep breath.
- ◆ **The "Fatigue" After Exercise:** Localized heaviness after exertion needs more efficient, warming care.

A stream of warmth at your fingertips.

- ◆ **Feel the warmth from within:** Equipped with specialized components, it delivers a thermal experience that goes beyond surface heating, guiding a soothing warmth into tense areas for total relaxation from the inside out.
- ◆ **Precision pressure release with a perfect grip:** The patented "Golden Finger" design mimics the angle of manual massage. It precisely provides warm care for localized tension, making one-handed operation effortless.
- ◆ **Tailored sensory temperatures:** Features four-level intelligent temperature control (38°C / 42°C / 46°C / 50°C) for flexible adjustment.
- ◆ **Auto power-off:** A thoughtful 30-minute safety timer for peace of mind.

Craftsmanship & Portability

- ◆ **Ergonomics:** Designed specifically for one-handed use with a solid, effortless grip.
- ◆ **At the Office:** A 10-minute "recharge journey" during your lunch break.
- ◆ **At Home:** Your portable, heartwarming companion while watching shows or reading.
- ◆ **On the Go:** Lightweight and compact; enjoy a five-star thermal experience anytime, anywhere.
