

## Pearl Beauty Electronic Pulse

Electroporation × Deep Cleansing × Blue Light Therapy , Total Skin Transformation

Infuse. Detox. Clear. Restore your skin's pearlescent, blemish-free luminosity with the power of blue light.

## Why is your skincare failing to deliver results?

- **Incomplete Cleansing:** Manual washing only removes surface dirt; trapped oils clog pores, leading to breakouts and acne.
- **Poor Cleansing:** Surface-level washing leaves oil behind, causing stubborn blackheads and acne.
- **Hidden Dirt:** Hand washing isn't enough. Residual oil clogs your pores and triggers endless breakouts.

## Focuses on the experience and texture.

**Electroporation (EP) Infusion:** Instantly increases cell membrane permeability, boosting the penetration of active ingredients directly into the skin's deepest layers.

**Deep Ion Extraction:** Utilizes the principle of "opposites attract" with positive and negative ions to capture and remove hidden impurities deep within the pores.

### 3-Level Intensity Design:

- **I :** For sensitive skin or daily maintenance.
- **II :** Deep conditioning for combination skin.
- **III :** Intensive purification for oily skin.
